

GENERAL RULES

MEMBERSHIP CARDS AND ACCOUNTS

Each membership will be assigned an account number and appropriate photo-identification membership cards which should be carried at all times for the purpose of identification. Club charges require the presentation of the membership card. Otherwise, a service charge will be added to the transaction. All transactions will be charged to the member's account and billed on a monthly basis. There will be no cash payments permitted at any time in any area of the Club. All fees and charges are based on the fiscal year from November 1 to October 31.

MEMBER STATEMENTS

Statements of indebtedness to the Club are issued monthly and are payable upon receipt. If a member disputes the accuracy of the account, the member is obligated to pay the amount not in dispute and notify the accounting office of the amount and nature of the dispute. Disputed items will be subject to interest charges if not paid or settled by the end of the month following the statement date. If it is subsequently determined after 30 days that the disputed item should be credited to the member, the related interest charges will be reversed.

If the Finance Department determines that the disputed charges are in fact valid, the member, within ten days of notice of validity given by the Finance Department, may appeal for a hearing before the Board of Governors. The Board will schedule a meeting date promptly and hear the dispute. The Board will issue a written decision which will be binding and final on both the Finance Department and the Member. If the Board's decision is in favor of the Member, credit will be given as provided above. If the decision is not in favor of the Member, the disputed payment must be made by the 15th of the month following the decision. If not paid by said date, notice will be given to the Member that payment of the disputed sum must be made within 45 days of the notice or the Board will suspend the membership, the effects of which are set forth in the paragraphs following.

NON-PAYING ACCOUNTS

If payment of the undisputed amount is not received by the last day of the month following the statement date, the account shall be considered past due and subject to interest charges. An administrative late fee of \$25 per month will be charged to all

delinquent accounts in excess of 30 days in addition to an 18% per annum finance charge. The delinquent balance will appear on the next statement. If payment is not received by the 15th of the next month (45 days from the date of the original statement), the Club's attorney will prepare and send a demand letter requiring payment in full of the amount in default plus legal fees, costs and interest within 45 days. A lien will be filed and the attorney's letter will give the membership notice that the lien will be foreclosed 45 days from the date of the filing of the lien unless payment in full is received by the Club.

If payment is not made within the second 45 day period, the Board will suspend the membership, which means that all charge privileges will stop, rights to use any club facility will stop, vehicle bar codes will be deactivated, the permanent guest list will be terminated and the delinquent members' names will be posted in the Members Only section of our web site. The suspension will be lifted and privileges reinstated only after the total account balance is paid in full and is deemed current. The Club reserves the right to "accelerate" the entire amount of the annual dues assessment regardless of any installment provisions and will do so if the account is not paid within 120 days of the original statement date.

The Club may also undertake legal remedies in such circumstances including, among others, liens, foreclosure, civil suits for money damages and involuntary bankruptcy, the cost of which will be passed through to the member, including attorney's fees. Golf or tennis memberships owned by a member in arrears may not be transferred or sold until the account is paid up.

SUSPENSION DUE TO NON-PAYMENT

Any member who is deemed to be suspended will only be allowed to enter and depart from his or her residence. The suspension applies to spouses, registered companions, and immediate family members. In the case of a member suspended due to account delinquency, any and all renters in their residential unit will also be suspended. He or she is not allowed in or on any Gleneagles property, to include the Clubhouse, Satellites, Healthy Lifestyle Center, Pools, Golf Courses, Tennis Courts, Maintenance Facilities and Dining Rooms during such period of suspension. The suspension specifically forbids the use of all of the Club facilities, including being a guest of another member. Vehicle entry bar codes will be deactivated, and the

member will be required to present a driver's license in the guest lane each time he/she intends to access the property. Suspended members are still responsible for all fees and charges applied to their account during the suspension.

Pursuant to Florida Statute 720.305 (4) An association may suspend the voting rights of a parcel or member for the nonpayment of any fee, fine, or other monetary obligation due to the association that is more than 90 days delinquent. A voting interest or consent right allocated to a parcel or member which has been suspended by the association shall be subtracted from the total number of voting interests in the association, which shall be reduced by the number of suspended voting interests when calculating the total percentage or number of all voting interests available to take or approve any action, and the suspended voting interests shall not be considered for any purpose, including, but not limited to, the percentage or number of voting interests necessary to constitute a quorum, the percentage or number of voting interests required to conduct an election, or the percentage or number of voting interests required to approve an action under this chapter or pursuant to the governing documents. The notice and hearing requirements under subsection (2) do not apply to a suspension imposed under this subsection. The suspension ends upon full payment of all obligations currently due or overdue to the association.

The suspension will be lifted and privileges reinstated only after the total account balance is paid in full and is deemed current. Once the former member is no longer a property owner with Gleneagles, if the monetary obligation remains unpaid, the provisions of the suspension remain in full force and effect as to that delinquent former member. The former member cannot use any club facilities as a guest of a member until the financial obligation is paid in full. No Club member in good standing may bring a suspended former member as a guest to utilize any Club facility. Violators of this rule shall be subject to a grievance proceeding.

GRIEVANCE PROCEDURE DUE TO NONPAYMENT TO RESIDENTIAL ASSOCIATIONS

Failure to pay obligations on a timely basis to Residential Associations in Gleneagles Country Club is hereby defined as an act contrary to the good and harmony of Gleneagles Country Club. Associations may file grievances for such adverse effect

to Club good and harmony with the Board of Governors.

The Procedure to be followed by Associations and the Board of Governors is as follows: If a member is \$2,000.00 or six months in arrears to an Association, whichever comes first, while not being in arrears to Gleneagles Country Club, the Association will send a notice to the member in arrears scheduling a meeting to discuss the arrears. The notice will indicate that failure to attend the meeting will result in a grievance being filed. Every attempt should be made to work out an acceptable payment plan. If no acceptable payment plan is forthcoming, the Association will file a grievance.

If no acceptable payment plan has been negotiated or payment not made as agreed and a grievance is filed and at the hearing on the grievance the Board of Governors finds that there is nonpayment of the obligations owed to the Association, the Board shall impose the suspension of the non-paying member for up to a one-year term, terminable upon full payment. The suspension may be temporarily lifted upon the Association accepting a payment plan. The suspension will be put back in full force upon proof to the Board of Governors that there has been a failure to meet the payment plan.

RULES FOR HEARING GRIEVANCES

A member of the Rules Enforcement Committee shall be selected by the Committee to investigate and report to the Board of Governors the facts of the activity leading to the filing of a Grievance.

Grievances shall be filed with the Office of the General Manager and they shall be forwarded to the selected member of the Rules Enforcement Committee who will investigate and report to the Board for its next Open Board Meeting. That member may not communicate the results of the investigation to anyone except to the Board and will thereafter be disqualified from any further participation in processing the Grievance.

The Board at a duly noticed meeting may determine to fine or suspend the person or persons against whom the Grievance has been filed. The Board may not impose the fine or suspension determined unless at least 14 days notice is given to the person or persons against whom the Grievance was filed that a hearing

is available to the person or persons to be fined or suspended before the Rules Enforcement Committee.

The complaining party or parties and the person or persons which the Board proposes to fine or suspend may be represented at the hearing by attorneys licensed in Florida who may make presentations and may question their clients but may not engage in cross-examination. The attorneys may submit proposed questions to the Rules Enforcement Committee for its consideration. The Rules Enforcement Committee has total discretion as to asking submitted questions. The Rules Enforcement Committee may ask questions of any or all participants.

Pursuant to the Statute the Rules Enforcement Committee may decide only to approve or reject the decision of the Board as to the fine or suspension.

The Rules Enforcement Committee shall report promptly its decision to the Board which will promptly report the decision in writing to the complainant and the subject of the grievance.

If the person sought to be fined or suspended does not request a hearing before the Rules Enforcement Committee, the decision of the Board is final.

GOLF RULES AND REGULATIONS

HOURS OF OPERATION

Operating hours are posted in the Golf Pro Shop.

GOLF COURSE ETIQUETTE

Golf is a sport where etiquette is of paramount importance. Conformity to rules and regulations on all golf facilities is mandatory if golf members and guests are to have maximum enjoyment. Consideration for one another is a most important rule of golf. All new golf members, their spouses or registered companions, must attend a rules and etiquette seminar. Contact the Pro Shop for the class schedule.

1. The golf course may not be used for any purpose other than playing golf. Non-players are not permitted on the golf course for any reason (including walking or fishing, either for fish or for golf balls).
2. Golfers must repair their ball marks upon reaching the green.
3. Golfers must have their own set of clubs and bag.
4. Golfers must enter bunkers at a low point, rake footprints and other depressions and exit bunkers at the same low point.
5. Golfers must avoid scuffing greens with spikes.
6. Golfers must fill divots with the sand provided in each cart.

7. During peak hours, the starter and the golf shop may pair singles and twosomes.
8. Slow players who have a hole open in front of them must invite faster players to play through. A round of golf, for the enjoyment of all, should take approximately four (4) hours for eighteen holes and approximately two hours for nine holes.
9. Beginning golfers should be considerate and play during NON PEAK hours.
10. In order to be eligible to play in golf tournaments, each golfer is required to post each nine or eighteen hole golf score on the golf computer and to return the score card to the appropriate box in the locker room. The card must contain each player's first initial, last name and club number, date of play, and tees played.
11. Cellular telephones are to be kept on silent or vibrate mode while on the golf course and should be used only in case of emergency. Any usage of cellular telephones beyond emergency calls should be considerate to other players.

GOLF CART USE

1. No more than two persons and two golf bags are permitted on the golf carts. The use of hand drawn carts or the carrying of one's own bag or walking with clubs is not permitted.
2. Carts are to be used only on the golf courses and may not be driven off the golf courses except to access the starting hole and to return to the staging area from shot-gun starts. Carts are not permitted in the parking lot, valet area or in any part of the residential complex, without special permission.
3. All carts entering the streets must stop and give autos the right of way.
4. Carts must remain on cart paths where provided in order to access the tee shot. When reaching the point on the cart path adjacent to the tee shot, the cart may be driven from the cart path at a ninety degree angle to the tee shot. Thereafter the carts may scatter to play additional shots

using both rough and fairways. Where feasible, fairways should be crossed at a 90 degree angle. Carts should not pass the cart exit markers in front of the green. During play on or near the green, the cart should be parked, past the flag-stick, in the space provided on the cart path.

5. Handicapped golfers, who request exemption from recognized golf cart rules, must apply annually for Handicap Flag eligibility and submit their state issued handicap placard (a doctor's note will not suffice). Applications are available in the golf shop. A handicapped person, or one so designated by the Director of Golf, may be provided with special playing conditions. Handicap flags are an exception to the restrictions on golf cart usage normally granted to the general membership. A handicap flag is a privilege extended by the Golf Committee. It is not a right. Handicap flag players must abide by the following rules: When there is a blue flag adjacent to the green, handicap flag users may proceed through cart signs to hit their shot, then continue to the Blue Flag. When parking at the Blue Flag the cart **MUST** be parked between the Blue Flag and cart path. The handicap flag should be prominently displayed for easy identification by the Course Rangers. On days when carts are restricted to "Cart Path Only", handicap flag players will be required to stay on the paths. The golf cart cannot be parked in front of the green. The golf cart may not be driven on the tee area. When two golfers entitled to handicap flags are in the same group, they **MUST** ride in the same cart, if feasible. The handicap flag golfer must be the driver of the cart, if feasible. The handicap flag is for the benefit of the handicap flag player only, not the passenger without handicap flag privileges. Handicap flag players may drive on par 3 fairways, depending on rules for that hole. The Rules will be strictly enforced. Violations will be forwarded to the Board of Governors in accord with grievance procedures. If the Director of Golf finds that the violation is a First Violation, a warning may be issued by the Director of Golf without forwarding the violation to the Board of Governors. The Director of Golf may issue temporary handicap flags for temporary injuries.
6. One must have a valid driver's license to operate a golf cart.
7. Any member or guest who causes damage to a golf cart, golf

course or golf facilities is responsible for repair or replacement costs.

8. Golf Department personnel may not accept requests from residents for rides to or from their residence, vehicle, clubhouse, golf course, or any other location.

STARTING TIMES

The starting times and reservations will be governed by the system in effect and shall be posted with all members notified accordingly. Starting time reservations must not include names of players not reasonably expected to play.

SPECIAL DAYS

Tuesdays and Wednesdays are Ladies' and Men's Days respectively. The courses on those days are reserved for the 18 and 9 hole tournaments. Non-tournament players will be given course and starting times by the Golf Shop only after tournament courses and times are scheduled.
